A	PHA 6935	Managed Care Pharmacy Operations*	Sundays, 7:00 to 9:00 pm See note.	<i>Managed Care Pharmacy Practice</i> , 2nd ed, by Robert Navarro. ISBN-13: 978-0763732400 <u>OPTIONAL</u>	First live class session scheduled for Aug 23. Sept 20 class cancelled.
A	PHA 6935	Writing for POP	Sundays, 7:30 to 9:00 pm	Students must purchase a subscription to STATPlus, which is a pharma/health care news and analysis Website. To subscribe, go to <a href="http://www.statnews.com/subscribe">www.statnews.com/subscribe</a> . At the payment page, use code ACADEMIC75 to receive a 75% student discount on the subscription rate. Price after discount will be \$87.25.	Students may be required to complete writing assignments on a quick turnaround during the work week. Students whose work or personal commitments may make it difficult to complete assignments on that schedule should consider taking the course in the Summer C session, which spans the entire Summer A + B terms.
A	PHA 6935	POP Foundations I: Drug Discovery to Approval	Sundays, 6:00 to 8:00 pm	Students must purchase a subscription to STATPlus, which is a pharma/health care news and analysis Website. To subscribe, go to <a href="http://www.statnews.com/subscribe">www.statnews.com/subscribe</a> . At the payment page, use code ACADEMIC75 to receive a 75% student discount on the subscription rate. Price after discount will be \$87.25.	Subscription to STATPlus is good for one year. Note that subscription is required for both POP Foundations I and II, and the Writing for POP course.
A/B Break	PHA COMP	Comprehensive Final Exam (for students wishing to graduate in Fall 2020)	Friday, October 16, 2020 via Web proctor.  There is no flexibility in the date of this exam, except in cases of documented hardship, approved by the program's Comp Exam Committee. Please plan ahead to have this day off from work and other obligations.	The exam will be administered via Web, so that students can take it from home or another private and quiet location. Students must have access to a computer with: 1) a high-speed Internet connection, 2) an Internet browser (prefer Chrome or Firefox) installed, and 3) MS Word (or another Word processing software) installed, 4) a Webcam. Because of firewall and security issues, we advise you to avoid taking the exam from a hotel, or using a public Internet connection.	Students who wish to graduate in Fall 2020 should register to take the final exam. There is no cost for taking the exam, but registration is required.  A Canvas site will be established and published around the beginning of the term. Information and instructions for the tech check and registration with the proctoring company will be posted there.

\*Prereq.: Satisfactory completion of PHA 6276 or Instructor permission.

\*\*It is strongly recommended that students take PHA (6273/6935) Structure, Process & Outcomes of Regulation prior to taking this course.

OnlinePOP two-step registration process:

1. Log in to the DESS's registration page and request your courses.

There are two ways to get to the DESS's page:

- Navigate through the program's public Website – [www.onlinepop.pharmacy.ufl.edu](http://www.onlinepop.pharmacy.ufl.edu) > Current Students > Register,  
or
- Click/type the URL to go directly there - <https://distanceufhealth.secure.force.com/StudentRegistration/>

2. Clear your registration holds. This must be done every semester.

- a. Log in to One.UF - <https://one.uf.edu/>
- b. Under Action Items, click Holds
- c. Expand the drop down under Prevent Registration
- d. Click on each hold and follow instructions to clear it
